who we are

Although we are only a twelve-year old establishment Urban Design, Architecture and Interior Design, yet today, with our vast experience, we offer excellent design solutions, project engineering, renovation, fitout for hotels, restaurants, shops, clinics, schools, offices and residential projects.

Our style is personal and direct. We listen to our clients, which assures our interactive design process. We mix function with beauty in a magical blend, creating harmony within the end product.

**vision**

We aim to be the most innovative and customer oriented design firm, capable of interpreting and translating a clients vision into design expressions that are both distinguished and practical. We also seek to become the most reliable, trustworthy and efficient providers of Urban Design, Interior Design -Architectural Services in Egypt.

Our focus on the future is to supply the business market, both regionally and worldwide, with our design solutions, in an attempt to enhance our firm, while always satisfying our clients.

**mission**

Being fast, flexible and understanding helps us add more value for our customers. Our mission is also to be recognized on the market as a quality-driven design consultancy, offering services both in Interior Design and in Architecture, while focusing on providing the most creative and professional project management expertise.

Each client is as unique as his project should be. We love getting to know our clients and discovering what would give them comfort and peace upon entering their home• workplace, daily.
